

COMMERCIAL PROPERTY SOLUTION

Manage communication, wayfinding and access to building services with one tenant- and visitor-friendly app.

INTERACTIVE ON-SITE SERVICES

Give guests and tenants the power to look up and contact anyone on the property with an interactive directory. Search service providers and tenants by name or department with one-tap access to call or email instantly.

LOCATION-BASED SERVICES: MAPPING, NAVIGATION AND WAYFINDING

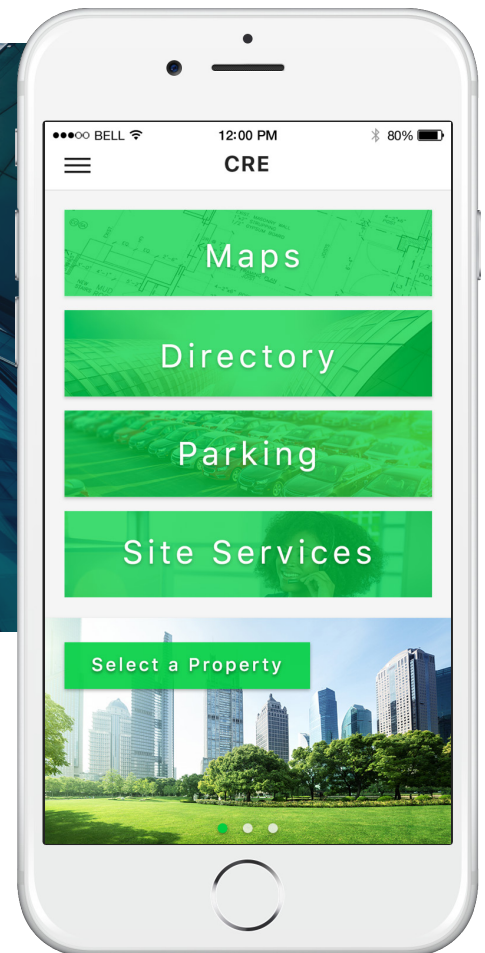

Provide app users with one-tap indoor and building-wide guidance to their destination. Make easy map updates in Phunware's web-based map editor portal to reflect points of interest (POI), construction updates, closures, accessibility routes and other site changes.

CONTENT MANAGEMENT

Manage your app content with Phunware's simple web-based portal and make changes without having to re-submit your app to the App Store or Google Play.

PUSH NOTIFICATIONS

Send instant push notifications for campus-wide announcements and emergency alerts, or schedule messages and campaigns in advance. Target and segment recipients by location (wing, floor), group, behavior and more.

MOBILE PLATFORM SUPPORT

Apple iPhone:
iOS 9.X and above,
iPad compatible

Google Android:
Android 4.4 and above
with Google Services

MARKETING AUTOMATION

Create, customize, schedule and optimize campaigns that drive engagement and revenue. Send proximity-triggered campaigns or message your entire user base with relevant notifications.

PARKING

Help regular tenants or special visitors remember where they parked with a variety of reminder choices: drop a GPS pin, take a picture, record a voice memo or write a note.

YELP AND WEATHER

Show the latest weather forecasts with a webview from The Weather Channel or any other provider. Allow tenants and visitors to search for nearby restaurants, shopping and entertainment through Yelp.

USER FEEDBACK

Gauge user satisfaction and enable tenants to recommend new features they'd like to see in the app.

APP ANALYTICS

Use data to develop better insight into app user behavior and engagement that can help you optimize signage, communications and other operational initiatives.
